Filosofia Aziendale

“Non c'è felicità se non nel realizzare che abbiamo compiuto qualcosa.” Henry Ford

Nauticoliver fa sua questo aforisma perché i suoi soci fondatori sanno di aver realizzato il loro sogno e compiuto qualcosa di grande, per certi versi inaspettato. Come azienda nasce nel periodo più duro della crisi economica, quando tutti gli indici scoraggiavano l'intraprendere di qualsiasi tipo di attività imprenditoriale.

Nel suo dna sono metabolizzate tutte le difficoltà estreme che ne hanno caratterizzato gli inizi. Realtà grintosa da outsider in forte crescita, lavora in “direzione ostinata e contraria” verso il conseguimento di ulteriori grandi risultati. Metteteli alla prova, scopritene l'entusiasmo unito ad una grande esperienza e fatevene contagiare. In ogni loro prodotto, in ogni loro scelta, ritroverete la stessa filosofia di pensiero.

Company philosophy

“There is no happiness except in the realization that we have accomplished something” Henry Ford.

We are inspired by this aphorism and a living proof that following dreams and ideas pays off.

Nauticoliver was born during years of economic crisis, when all indicators were negative and high risks discouraging to start every kind of business. Our vision and mentality helped us to go in a contrary direction, towards top class achievements. If you challenge us, if you let yourself be involved in our enthusiasm you will find same philosophy, as in every single product or choice.

In ogni loro prodotto, in ogni loro scelta, ritroverete la stessa filosofia di pensiero.
In every single product, in every single choice, you will find the same philosophy.

Philosophy

Customer Friendly

“business is business”, è un tipico modo di dire anglosassone, ma in Nauticoliver i clienti sono soprattutto persone con cui instaurare un rapporto di proficua collaborazione senza sorprese nascoste.

Il modus operandi dell'azienda è fatto di trasparenza, condizioni chiare e quella forte tendenza all'empatia verso il cliente, proprio perché è noto bene quante esigenze improvvise possono sorgere nella costruzione e realizzazione di un mega yacht.

I tecnici Nauticoliver sono sempre pronti a cercare le migliori soluzioni e venire incontro per qualsiasi esigenza tecnico progettuale. L'esperienza dei suoi tecnici è un punto fermo e vincolante per far sì che i vostri progetti siano vincenti.

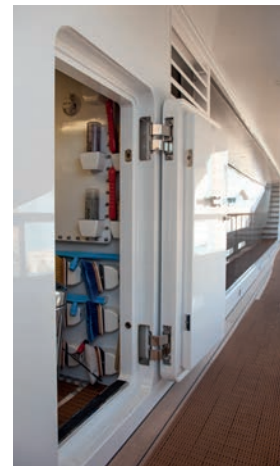

Although “business is business” we find necessary to build an honest cooperation with our clients and partners.

Trust and clear conditions are very important in our “modus operandi” and it help us build strong empathy to please our customer's dreams.

Our technicians and engineers find in this atmosphere the best inspiration to realize all fine winning projects

Sempre pronti a cercare le migliori soluzioni.
Always ready to find the best solutions.

Innovazione e Design

Pure i migliori prodotti sono colpiti da obsolescenza precoce se non vengono rinnovati col normale progredire della tecnologia. Avanguardia della tecnologia, macchinari di produzione innovativi, accurato studio dei materiali, vanno di pari passo con un design innovativo e un "senso del bello" imprescindibile nel campo dei luxury brand. Tutti i prodotti nauticoliver si avvalgono dello studio estetico di noti designer e ribaltano concezioni tecnologiche per troppo tempo riconosciute come inamovibili. Nauticoliver crede nel valore dell'innovazione non solo a parole ma fornendo prodotti e soluzioni che coniugano una riconoscibilità tecnico estetico immediata che portano la sua clientela ad esserne fiera detentrici.

Nauticoliver è depositaria di diversi brevetti in ambito nautico, frutto dell'esigenza di risolvere problemi della più svariata natura.

Innovation and Design

All our products are systematically upgrade according with technology improvements.

Innovation of materials and equipments follow the best trends of luxury yachts aesthetic and design.

Nauticoliver's products are a result of research and studies by our technicians and engineers.

These concepts has provided best solutions for our valued customers through the years, and we are proud for holding certified patents on closing mechanism systems.

Chi siamo

Nauticoliver nasce come fucina di idee e realtà produttiva delle migliori maestranze e progettisti in ambito luxury yachts supplier locali. Nauticoliver progetta, realizza e installa accessori e componentistica in acciaio inox e alluminio per imbarcazioni da diporto, yachts, super luxury yacht.

L'azienda realizza sia prodotti a catalogo di serie sia prodotti custom e automazioni domotiche anche con filosofia "from the white sheet".

Porte automatiche, manuali, curve, boccaporti, tambucci, portelli, parabrezza, passacavi, bitte e molto altro sono disponibili con progettazione su specifiche di qualsiasi imbarcazione. L'esperienza pluridecennale delle sue maestranze e un know how maturato nei cantieri più esigenti, fanno di Nauticoliver un top competitor indiscusso a livello internazionale.

About Us

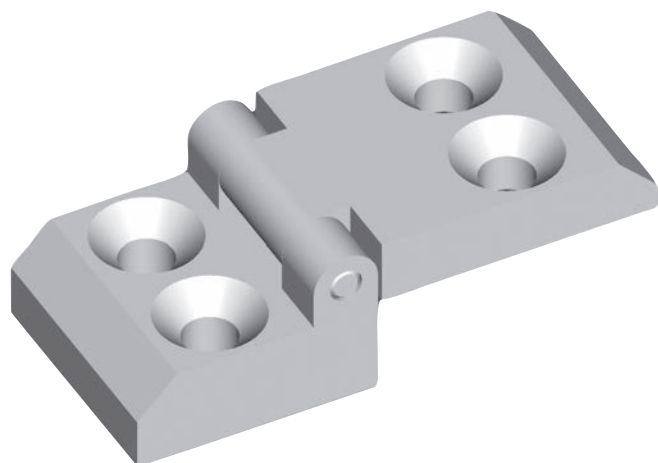

Nauticoliver was established as a source of ideas and represents a growing reality with the best craftsmans and technicians in luxury yacht market.

The company designs, realizes and installs stainless steel accessories and components for pleasure crafts, yachts and super luxury yachts.

We have a wide catalog of all kind of hinges, embedded closings, latches, gaskets and bitts plus a range of product which can be customized such as pantograph automatic door, sliding door, hatches, companionways, handrails and more.

Many years of experience in nautical sector and gained "know how" working with prestigious shipyards, has positioned Nauticoliver among best International competitors.
